## Valeo Young Talent Accelerator Program

### Ready to reinvent the mobility industry?

Begin your professional adventure with Valeo and help us create smart products for tomorrow's automated vehicles.

Travel Europe with us and prepare your career of a future manager in the automotive industry

## 2 years program

Experience several assignments across different departments and 3 locations

6  
MONTHS

in Wemding,  
Germany

6  
MONTHS

in Rakovník,  
Czech Republic

6  
MONTHS

in Veszprém,  
Hungary

6  
MONTHS

in Wemding,  
Germany

After the completion of these 4 assignments this program opens the door for you to continue your journey in various functions like R&D, Sales, Industrialization, Quality or Project Management as per your demonstrated competencies and career aspirations and put you on a faster career track.

### This program offers you

- Unlimited contract in the Valeo Group from day one
- Competitive salary package
- Contribution to your relocation expenses and travels during the program
- Tailored training program and continuous feedback from your mentor
- Leadership exposure: network and gain exposure to Valeo leaders, opening doors to valuable insights and opportunities

### This program is for you if:

- You are an EU citizen or you are entitled to travel and work in the EU without a visa
- You have a Bachelor or Master degree from a university
- You already have a short experience abroad - working or study
- You have above average study results
- You are able to communicate complex technical issues in English to different audiences in both written and verbal forms, e.g. reports, specifications, presentations
- You are willing to take initiatives and capable of autonomous decision making
- Teamwork and international environment is a thrill for you
